

Dear Family,

My name is Megline and I am aged 25, I live with my family in Klerksdorp, South Africa. I have four brothers who are all younger than me, two of them are at college and the other two are in high school. My father is a Minister in a local church called Rhema and my mother is self-employed. I am currently working for a family that have a one year old and at times I help my mother with the business. We are a very united and loving family and we do a lot of travelling together during holidays.

I would like to be able to have the chance to work for you because I have experience with children and would also like to broaden my horizon by experiencing how other people live in other countries and their culture. I enjoy being in the company of others, as I am an easygoing person that gets along with most people as well as doing my job. I do adore children and know how to handle and care for them because I believe that the most important thing is to show them affection, love and understanding, I have also learnt to be patient with children that want to have an understanding.

I am open minded, honest, good communicator, hard working, mature, friendly and quick to adapt.

I am looking forward to meeting and becoming closer to your family to exchange the skills and culture we all have.

Yours truly,
